

About Us

We were founded in 1993. Since the beginning, we always strive to be the best rattan furniture factory in Indonesia. We work hard to earn our customer's trust. Now after 13 years of existence, we are proud to say that no other factory can deliver the most complete range in lifestyle interior the way we do. This means less work for you, and more time for you to focus on your profitable business.

We run our organization with 6 basic principles, shorted as: DEQPODS. Designs, Quality, Price, Operational Excellence, Delivery and Services. These governing principles are to be with every one of us here at RattanBiz.com . No single principle is more dominant than the others. We know that we do all these 6 principles every day.
